Éléments d'inertie des surfaces

Travail demandé

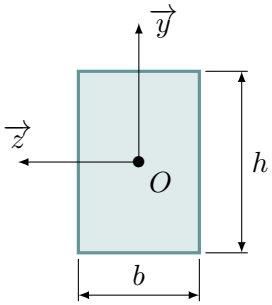

Pour l'ensemble des surfaces suivantes :

Question 1 Déterminer la position du centre de gravité G.

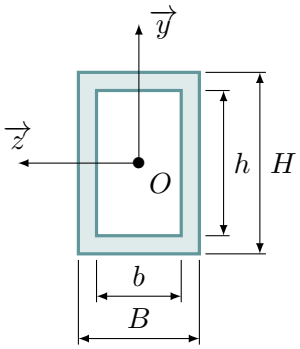

Question 2 Calculer les moments quadratiques $I_{G_y}(S)$ et $I_{G_z}(S)$.

Question 3 Calculer le moment quadratique polaire en G : $I_G(S)$.

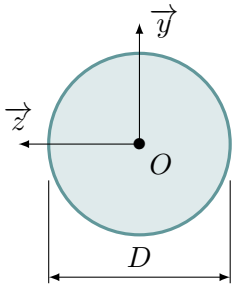

1 Exercice 1

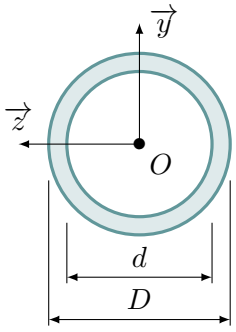

2 Exercice 2

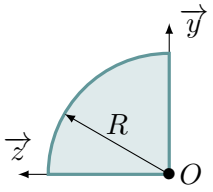

3 Exercice 3

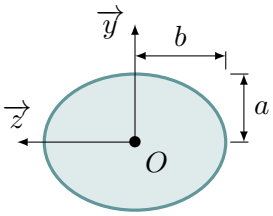

4 Exercice 4

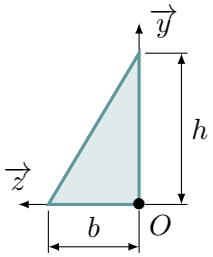

5 Exercice 5

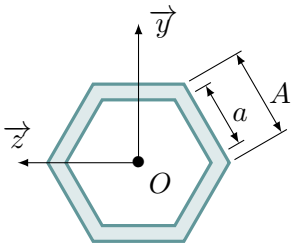

6 Exercice 6

7 Exercice 7

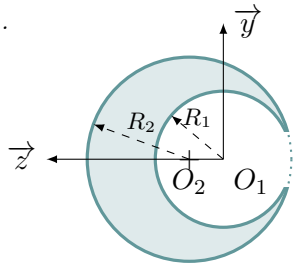

8 Exercice 8

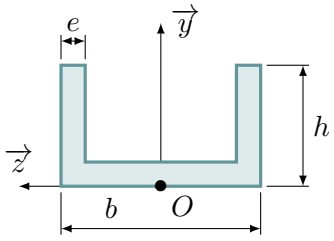

9 Exercice 9

Pour les poètes...

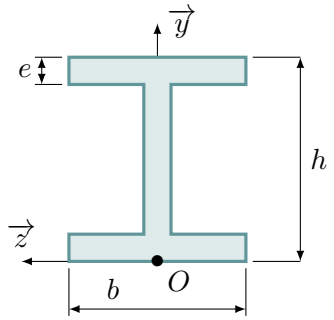

$\overrightarrow{O_1O_2} = e\,\vec{z}$
